Lettering Design Assignment #1

A. Design twenty-five (25) "letter sets" (upper and lower case) of the same letter.

Here are some examples: A a. A a, A a, A a, A a, A a.

   **1.** You may use only one of the following letters for the sets.

        A, B, D, E, F,,G, H, I, J, K, L, N, Q, R, T, Y

    2. Number each of the letter sets.

    3. Create some with serifs and some sans-serifs.

B. Use guidelines! The top and the bottom of the capitol letters should touch the guidelines. You may use a third line of the set for the top of the lower case letters.

Here's an example.

This is one "guideline set".

} Guideline

C. Use 12" X 18" paper, vertical or horizontal.

    1. Start 1/2" down from the top of the paper for the first "guideline set".

    2. The space between top and bottom of "guideline set" should be 1 1/2". The lettering goes between these lines!

    3. The space between each "guideline set" should be 1".

    4. Use a ruler to draw the "guideline sets". Draw these lines very lightly!
